

As you may know Yahoo Groups which we used for our old gamuglist is shutting down Dec.15th. Since we no longer will be able to send or receive email to the old list, we have started a new list through MacHighway, our website provider.

You should receive this new listserv at the email address(es) that we have on file in our GAMUG database. If you want any of those addresses to not be used for this new list, to be deleted completely, or want to add an email address to the list, please send a note with your specific request to membership@gamug.org.

To send email to the new list, use the new email address gamug_list@gamug.org. Remember to stop using the old yahoo groups email address. (This new address has an underscore between the word gamug and list.)

Thanks for your patience as we begin to implement the new list,
